- **29th March 2021**

Participants will feel connected to a local vision for strategic improvement, collaboration, peer review, and system leadership.

This programme is suitable for passionate and dedicated senior leaders who are looking to move into headship in the next 1-3 years.

This programme will provide aspiring school leaders with the opportunity to develop the vision, knowledge and skills fundamental to the role of headteacher. Learning from local and experienced Headteachers, alongside national and local leaders, participants will leave the programme with the commitment, confidence and credibility to apply for headship.

- Training will be based on the new headteacher standards, and include a 360o review of each participant.
- The programme will include 5 days of tailored training, in addition to this delegates will be expected to participate in peer to peer coaching, undertake key reading and engage in an online community. All of this will require the full support of their headteacher for both engagement and release time.
