

## LINCOLNSHIRE ITT

### ITT ROUTES EXPLAINED

- ◇ Trainees on all routes will have 1-2 days a week out of school in training and 3-4 days a week in school.
- ◇ All trainees will complete a second school placement.
- ◇ Trainees on all routes will statutorily engage in Intensive Training and Practice for 20 days - in 4 blocks. This will likely require some additional days out of school but not all 20.

**Fee paying Trainee:** The current\* fee for SCITT QTS and PGCE is £9,790. (\*This is subject to change in line with national changes)

- ◇ The trainee pays the fee for the training and assessment.
- ◇ They may access student finance funding.
- ◇ Trainees on this route will be supernumerary and will gradually build up their teaching over time. They are managed by the SCITT and although placed in schools, they are the SCITT's responsibility under the trainee agreement. This is the route we are most familiar with up to now.
- ◇ **Secondary trainees** may be entitled to a bursary if they have a minimum of a 2:2 degree and if they are training to teach in any of the eligible subjects.

**Salaried Trainee:** The current\* fee for SCITT QTS and PGCE is £9,790. (\*This is subject to change in line with national changes)

- ◇ The trainee is salaried, in which case the fee is paid by the employing school.
- ◇ The trainee is paid a salary by the school and cannot access student finance funding. The school may receive a grant towards the cost of the salary for **secondary subjects**. **See Appendix A for details.**
- ◇ Trainees will be remunerated on at least UQ1 throughout the duration of their training. **Please see Appendix B for further details.**
- ◇ Trainees are school employees and so the responsibility for DBS etc. sits with the school.
- ◇ They will have a teaching timetable from the beginning of the year. The assurances work in reverse, but we would aim to continue to work in partnership in these cases. They will need to be released for the second school placement for four to six weeks.

◇ **Teacher Apprenticeship:** The fee for Postgraduate Teacher Apprenticeship is £9,000.

- ◇ The apprentice trainee is on a QTS only route (they will not get a PGCE). The apprenticeship levy will pay for the training cost.
- ◇ The apprentice trainee is paid a salary by the school on at least UQ1 throughout their training and cannot access student finance funding. **See Appendix B for details.**
- ◇ **Secondary schools** will be entitled to draw down funding for any of the eligible subjects listed in **Appendix A**. This can be put towards salary costs. This is dependent on the subject being trained in rather than the degree.
- ◇ Apprentice trainees are school employees and so the responsibility for DBS etc. sits with the school. assurances work in reverse, but we would aim to continue to work in partnership in these cases.
- ◇ Apprentice trainees will have a teaching timetable from the beginning of the year. The apprentice will need to be released for the second school placement for six weeks.

# LINCOLNSHIRE ITT

## ITT ROUTES EXPLAINED

**Assessment Only Route:** The fee for AOR is £2,750 + expenses

- ◇ This route is for unqualified teachers where the Headteacher believes they are already meeting Teachers' Standards
- ◇ This is an assessment process, not a training route to QTS, and takes place in a 3 month assessment window
- ◇ The candidate must be employed in a teaching role within the school
- ◇ The candidate will have had teaching experience of 2 years or more, in at least 2 different settings
- ◇ The candidate cannot access student finance funding and is not required to come out of school for the process
- ◇ The fees are payable by the school to Lincolnshire ITT but funding will be agreed between the school and the candidate

**Appendix A:** for Sept 2026 start

Subject	(26-27 rate) School Direct Salaried Funding - Sent to school for fees and salary	(25-26 rate) Postgraduate teaching apprenticeship funding - sent to school for salary
